		LETTER NO. PSG-074/70	
TO : Executive Director, NPIC		FROM: Chief, Production Services Group	
ATTN:			
SUBJECT: Some PSG Comments on the Production Management Board			
<p>John:</p> <p>For some time now I have not been satisfied with the on-going operations of the PMB. I have discussed my thoughts with [redacted] my PMB representative. As I understand the Board's current operations, I do not see that they are accomplishing the objectives of the PMB as established in NPIC Instruction 1-1 of 10 January 1969. I may have expected too much but, to date, I do not feel the Board has taken the leadership roll that I hoped it would.</p> <p>I am in receipt of a copy of [redacted] speed letter to you with [redacted] memo attached and I believe I understand his message. Also, I have a copy of [redacted] note to you. My remarks are to let you know that I believe it to be most timely that Ed is having [redacted] conduct an in-depth assessment of the Production Management Board for the purpose of clarifying objectives and proposing a course of action. I look forward to receiving a copy of this report and will withhold further judgment until I have the opportunity to review Bob's report.</p> <div style="text-align: right;">[redacted]</div> <div style="text-align: right;">SIGNATURE</div>
